

# ALS - CORE

## ALS Hands on Training

**LearnEM Training Centre**  
**47 Manton Street**  
**Hindmarsh SA 5007**

This course is designed for nurses to be accredited in ALS. We offer a supportive learning environment for nurses who are new to ALS and for senior nurses who wish to upskill and challenge themselves.

The course will be delivered with hands on practical supportive training and time to practice in a safe environment.

Delivered using a mixed model of online learning and a 1 day practical workshop, topics will include:

- Accreditation for Advanced Life Support and Basic Life Support
- Primary survey
- Introduction to pacing and cardioversion
- Intravenous & Intraosseous access
- Advanced airway management
- Rhythm recognition
- Pharmacology
- Team roles

**Registration includes ongoing access to the online ALS learning modules.**

**Numbers for this course will be strictly limited.  
Register early to avoid disappointment.**
